Dear Richard,

Thank you very much for your contributions to the College Music Society's Task Force on Community College Music Faculty. Your experiences as both a student and then a faculty member at community colleges gave you unique insights, which both have and will help CMS find new ways to serve the needs of those faculty members. It was a great pleasure working with you, and I hope we'll have the opportunity to do so again!

Very sincerely,

Barbara E. Bowker
Chair, Task Force on Community College Music Faculty
